# COMPANY INTRODUCTION

Dalian Yada Industrial Co., Ltd., a leading enterprise with multiple international certifications (ISO9001-2015, GMP, BRC, and Sedex), has achieved rapid growth through its exceptional technical expertise, high-quality eco-friendly tableware products, and comprehensive service system.

Our 3 major production bases, located in Dalian, Fujian, and overseas, ensure a complete industry chain from bamboo and wood raw materials to finished tableware products, guaranteeing a sustainable and reliable supply.

Dalian Base: 16,500 m<sup>2</sup> workshop, including a 3,000 m<sup>2</sup> clean room. The facility is equipped with state-of-the-art machinery and utilizes an ERP system for intelligent tableware production management. Additionally, we have a warehousing capacity of 2,500 standard pallet positions, which supports rapid turnover and efficient order consolidation, ensuring smooth logistics operations.

Overseas Base: 10 efficient production lines with a daily output of 20 tons of semi-finished ice cream sticks, demonstrating strong overseas market presence.

Fujian Base: 42,000 m<sup>2</sup> facility with over 16 years of bamboo tableware production experience, meeting diverse market demands.

60,000 m<sup>2</sup> + of Plant Area

3000 m<sup>2</sup> 100.000 class clean room

10000+ hectares of private bamboo forest

500+ satisfied customers

Dalian factory 16500m<sup>2</sup>

3000m<sup>2</sup> 100.000-level Clean Room

Nanping factory 42000m<sup>2</sup>

 Packing: 140pcs/tube, 25tube/tray, 10tray/ctn

# CERTIFICATE

## Company Certificate/product Certificate

### WHAT IS ISO 9001: 2015?

ISO 9001 is the international standard for a quality management system ("QMS"). In order to be certified to the ISO 9001 standard, a company must follow the requirements set forth in the ISO 9001 Standard. The standard is used by organizations to demonstrate their ability to consistently provide products and services that meet customer and regulatory requirements and to demonstrate continuous improvement.

### YADA SEDEX 4P CERTIFIED

#### What is Sedex?

#### Sedex Members Ethical Trade Audit

YADA chose to co-operate with Sedex to promote the sustainable development strategy through the international authoritative certification system. Being certified by SMETA demonstrates that we have met the global social responsibility standards, which helps us to expand our international business, facilitating international business development, specifically in the areas of health and safety, working conditions, environmental assessment and business integrity.

### YADA BRC audit: Grade A

#### What is BRC?

BRC is an international Food Safety Management Systems standard and is one of the GFSI (the Global Food Safety Initiative) recognized certification schemes. It contains requirements for food processors to follow to build an effective food safety management system. For the purposes of certification, the food industry is broken down into five key categories: Food Safety, Packaging and Packaging Materials, Storage and Distribution, Agents and Brokers, and Consumer Products.

### What is GMP

Good Manufacturing Practices or GMP is a system that consists of processes, procedures and documentation that ensures manufacturing products, such as food, cosmetics, and pharmaceutical goods, are consistently produced and controlled according to set quality standards. Implementing GMP can help cut down on losses and waste, avoid recall, seizure, fines and jail time. Overall, it protects both company and consumer from negative food safety events.

GMP examine and cover every aspect of the manufacturing process to guard against any risks that can be catastrophic for products, such as cross-contamination, adulteration, and mislabeling. Some areas that can influence the safety and quality of products that GMP guideline and regulation address are the following:

- Quality management
- Sanitation and hygiene
- Building and facilities
- Equipment
- Raw materials
- Personnel
- Validation and qualification
- Complaints
- Documentation and record keeping
- Inspections and quality audits

**FOREST STEWARDSHIP COUNCIL (FSC)**

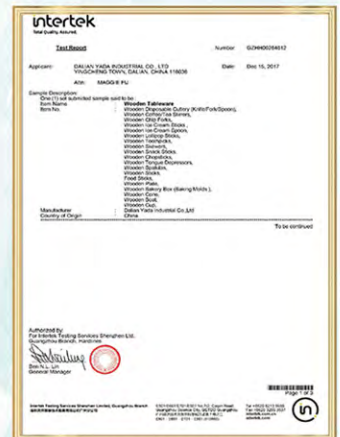

We are committed to environmental responsibility, which is why our products are FSC certified.

FSC is a globally recognized mark of credibility and trust, dedicated to promoting responsible forestry management around the world. You can be assured that your FSC certified wooden cutlery, wooden stirrers, ice cream sticks /spoons, etc are made from responsibly sourced wood.

**U.S FOOD&DRUG ADMINISTRATION (FDA)**

Firms exporting products from the United States are often asked by foreign customers or foreign governments to supply a "certificate" for products regulated by the Food and Drug Administration (FDA). A certificate is a document prepared by FDA containing information about a product's regulatory or marketing status.

Most of our wooden products have passed the test of F.D.A. Regulation on Wood Preservatives U.S. F.D.A. Regulation 21 CFR Part 178.3800 pentachlorophenol (PCP)

Most of our wooden products have passed the test under §30 and §31 LFGB Regulation (EC) 1935/2004

- A: Sensory test
- B. Specific migration of formaldehyde
- C. Pentachlorophenol (PCP) Content
- D. Verification for label claim validity- Bisphenol-A free by Total Content of Bisphenol A

SGS is the world's leading inspection, verification, testing, and certification company. They are recognized as the global benchmark for quality and integrity, The core services can be divided into four categories:

**Inspection:** a comprehensive range of world-leading inspection and verification services, help customer to control quantity and quality, and meet all relevant regulatory requirements across different regions and markets

**Testing:** the global network of testing facilities, staffed by knowledgeable and experienced personnel, enable the customer to reduce risks, shorten time to market and test the quality, safety, and performance of your products against relevant health, safety, and regulatory standards
